(Nasdaq: VTGN) (the Company), a late clinical-stage biopharmaceutical company aiming to transform the treatment landscape for individuals living with anxiety, depression and other central nervous system (CNS) disorders, today announced that the two leading independent proxy advisory firms, Institutional Shareholder Services Inc. (ISS) and Glass Lewis & Co. (Glass Lewis), have recommended that Vistagen stockholders entitled to vote at the Company’s 2022 Annual Meeting of Stockholders (the Annual Meeting) vote “FOR” Proposal No. 5 which, if approved, will provide the Company’s Board of Directors (the Board) with the option to implement a reverse stock split of the Company’s issued and outstanding common stock (the Reverse Split), if necessary in the future to maintain the Company’s listing on the Nasdaq Capital Market (Nasdaq).

Stockholders are encouraged to review certain frequently asked questions and answers about the potential Reverse Split below, as well as additional information about Proposal No. 5 that is available in the Company’s definitive proxy statement filed with the Securities and Exchange Commission on August 31, 2022.

Frequently Asked Questions and Answers

Question	Answer
If Proposal No. 5 is approved by stockholders at the Annual Meeting, will a Reverse Split be implemented immediately?	<p>No, the Reverse Split will <u>not</u> be implemented immediately. If approved, Proposal No. 5 provides our Board with the option, but not the obligation, to implement a Reverse Split within the next 12 months, if, for example, it is needed to maintain our Nasdaq listing. Proposal No. 5 does not require our Board to implement the Reverse Split.</p> <p>If Proposal No. 5 is approved at the Annual Meeting, and it becomes necessary and advisable to implement a Reverse Split to maintain our Nasdaq listing, our Board will carefully assess many factors, including timing, Company operations and market conditions to select a time for a Reverse Split that is most advantageous for the Company and its stockholders.</p>
What will happen to Vistagen if Proposal No. 5 does not pass?	<p>Nasdaq requires that a listed company maintain a minimum bid price of \$1.00 per share. Vistagen is requesting approval from its stockholders to have the option to implement a Reverse Split if it becomes necessary to increase the per share price and bid price of the Company’s common stock in order to regain compliance with the \$1.00 minimum bid price requirement of Nasdaq and maintain its Nasdaq listing. Additionally, a reverse stock split that increases the price of the Company’s common stock has the potential to make the Company’s common stock more attractive and accessible to certain institutional investors and private wealth managers, which could enhance liquidity and provide for a stronger investor base.</p> <p>Our Board and the two leading proxy advisory firms, ISS and Glass Lewis, believe it is in the best interest of all Vistagen stockholders to vote “FOR” Proposal No. 5.</p>
What happens if I don’t vote?	<p>If you don’t vote, or if you abstain, it may count the same as a vote AGAINST Proposal No. 5. Therefore, we strongly encourage each investor to follow the recommendations of ISS and Glass Lewis and vote “FOR” Proposal No. 5 as promptly as possible.</p>
Who can help me vote?	<p>Our proxy solicitor, Saratoga Proxy Consulting, can assist you with voting your shares and any questions you may have – please see below for their contact information.</p>
If I’ve already voted “AGAINST” Proposal No. 5, can I still change my vote to “FOR” Proposal No. 5?	<p>Yes. If you previously submitted a proxy and voted AGAINST Proposal No. 5, you may still revoke your previously submitted proxy and reclaim your right to vote at any time before 11:59 p.m. Eastern Time on October 13, 2022 by submitting a later-dated proxy card, vote instruction form, submitting your vote online or by voting in person at the Annual Meeting.
